

ADOR ROADSTAR ECO
TRAFFIC CONTROL DEVICE

Ador Road Roadstar ECO Trailer

Introducing the ADOR Beacon Roadstar trailer, an advanced traffic management solution by Ador. This innovative trailer combines lightweight design and intelligent features, offering exceptional control and durability for various road conditions.

Equipped with a versatile Variable Message Sign (VMS), it provides real-time information to commuters, including incident updates, roadwork details, travel times, and suggested alternate routes. Additionally, with the option to attach radar, the system can even detect speed violations, ensuring enhanced safety on the roads. With advanced functionalities such as GPS location tracking and a vandal-proof cover, the ADOR Beacon Roadstar trailer is a cutting-edge choice for efficient and reliable traffic management.

Main Features

Mobile Application for VMS height adjustment

Certifications: EN 12966, UL, CE, RoHS, FCC certified.

India Specific and Indian made.

Battery Level Indication

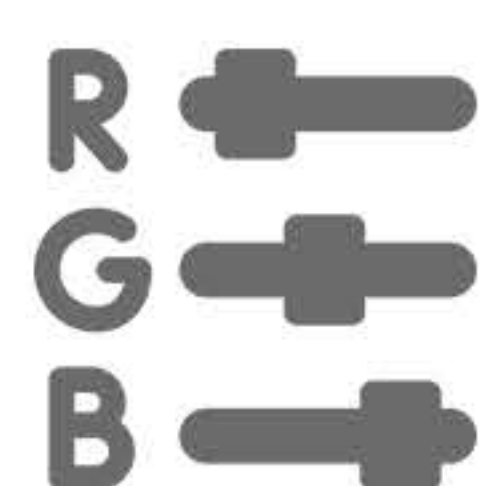

GPS Tracking

Maximum Towing Speed: 50 km/hr.

About Roadstar VMS:

LED Colors/Format:
Single, Double and Full Color/
Full Matrix

Power Source:
Solar feed as primary + Power
charging through cable.

Protection:
Pebble Protection Cover,
Vandal Proof.

Autonomy:
2 hrs to 12hrs on full charge based
on VMS & battery Specifications

Internet and Accessibility:
3G/4G router, accessible
through a PC

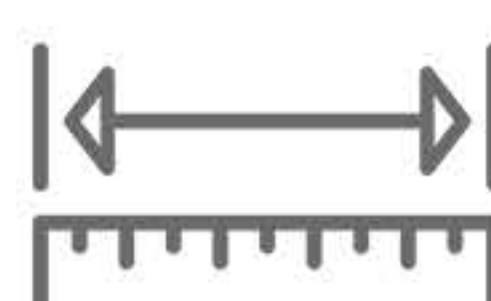

LED Types:
DIP and SMD

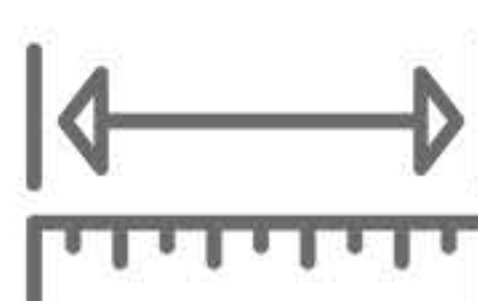

Pixel Pitches:
P5, P6, P10, P12, P16, P20, P25,
P31.25, P33.3

Languages Displayed:
English, Hindi, Marathi, Telugu,
Gujarati and many local languages.

VMS Dimensions:
1740mm x 1100mm
Weight - 150kg

Trailer Dimensions:
L-2675mm x W-1970mm x H-2400mm
Weight - 500kg
